### ***“Lets search Opportunity in Adversity”***

Marching towards excellence, we the DPS Yamuna Nagar has taken the initiative to cope up with the COVID-19 disaster. We all know that lockdown is disrupting a generations education the last few months and have finally seen a flurry of new ideas / activities. In a matter of weeks, corona virus (COVID-19) has changed how students are educated around the country. It gave new solutions for education, could bring much needed innovation. We have given the digital platform in new shifts in education approaches to the students. We also believe COVID-19 has become a catalyst for educational institutions worldwide to search for innovative solutions in a relatively short period of time. We got the stop-gap solutions to continue teaching, in which quality of learning is heavily dependent on the level and quality of digital access.

It was little tough in the beginning to incorporate all of a sudden class-room teaching to online teaching. First came up with the challenge of providing training immediately as soon as the lockdown was declared, IT department was called to do so. Time table / academic calendar of home-based activities for different subjects categorizing objects including erasers, pencils, clothes, pulses, etc. to teach the concept of colour, shapes and sizes have been suggested for the students of class I to IV, above V students, Teachers are conducting classes through internet-based platforms, in absence of which SMS and voice recording can be sent. We have launched high quality ed-tech applications along with using e-resources.

Our school considering the challenge as an opportunity to shift focus from schooling only at Schools to School-home collaboration for learning. Head centric role learning converted into experiential learning. Now is the time to re-introduce learning by doing. Our Teachers prepare lectures and videos enthusiastically which is supervised once by the expertise team before sending finally.

### **Virtual Platform with Plethora of Activities**

Apart from the main subjects we concentrated successfully even on the co-curricular activities such as : Vocal, Dance, Art & Craft, Best out of waste, Spoken English / Personality development, Physical Education, Yoga, Music, etc. It has also been observed that during COVID-19 pandemic, the bond between Parents, Teachers and Students become stronger as they are personally connected to each other. Management provided their help in all means to make this online / virtual classes successful. We conducted skill

based classes also for the students and even for Parents such as cooking, stitching, gardening, etc., through online classes. We emphasized more to involve students in house-hold work to learn the things / values too, such as sharing, respecting, team-work, etc. Assignments and projects were given to the students after completion of specific topic / chapter through which the teachers assess the understanding level of the students. Online tests were also conducted in the form of MCQs. as well as subjective with the help of Google Classroom. Parent teacher interaction was also conducted with the help of Google Meet.

Worksheets and assignments are sent and self analysis is done. Also we are encouraging, Open Book system concept and parents are finding it very easy to monitor and are happy to see their kids engaged productively for

five hours a day. Even counseling sessions and motivational messages are also sent to make the students understand that whatever is happening around will pass away very soon and normalcy will set

in. E-books are also recommended for their weekends along with few Art and Craft worksheets. Our Physical education teachers are also able to guide them in their physical activities to build their stamina and make them strong.

Most of us agree as it is aptly summed up by a research that a child educated in early years usually have enhanced social skills ,less behavioral issues and comparatively improved grades without exclusive consideration .The pre- scholar in DPS YNR invest each day with hand on experience with the help of virtual platform where they nourish a variety of schooling .

The endless list ranges from oral activities as poem recitation, role playing, special assemblies, cook with mother, singing hymns, Self Introduction to celebration of Hindi Diwas and Grandparents day was also done to imbibe life - skills as well.

It is a proven Fact that the art of communication is the language of leadership and having good communication skill brings confidence and allows everyone to express themselves in public. It is the most beautiful way to deliver our thoughts and correct usage of vocabulary makes it more effective. Impressive communication skills help everyone to groom their personality and to maintain a strong connection with the world.

Keeping this in mind, Delhi Public School, Yamuna Nagar organized an initiative and organized an online Speech and Debate Competitions in which ten nearby schools participated enthusiastically. Various Webinars on effective communication skills are also regularly organized in different sessions. The Renowned Resource Persons help our students to equip themselves with formidable tips on basic speaking, listening, writing and reading skills. Enthusiastic activities for enhancing their vocabulary skills are like icing on the cake.

These types of workshops work as eye opener for all as English is not just a subject, but a language that can help us to communicate with the world. Daily five students are assigned with the responsibility to organize online morning assembly consisting Newspaper Reading, Word Vocab, Poem or Story recital and information about special days.

### *Hindi Diwas*

Delhi Public School Yamuna Nagar organized Hindi Diwas by providing online platform to the students in which maximum participation was ensured from all the classes. The event was started by seeking the blessings of goddess Saraswati. Principal Mr. B. Murali and Director Mr. D.K Tyagi remained present during the proceedings to motivate the participants. Tiny tots introduced themselves with great enthusiasm and confidence. Students of the school also enchanted the couplets of Rahim Ji and Kabir Dass Ji in meticulous manner. They also participated in “Hindi Shayari” and recited various verses, exhibiting the importance of Hindi Language. Speech and poem recitation competitions were the most buzzing events which imbibed a lot of certainty flair among dipsites. Class six organized a Quiz “Kon Banega Vidhwan” and shared their knowledge with others. “Hasya Kavi Samelan” of class seven was sufficient to provide Jaw aching laughter. Senior students staged an online play on the importance of Hindi Language which mesmerized the onlookers. Principal Mr. B.Murali and Director Mr. D. K Tyagi appreciated the incessant efforts of the Hindi Department , Participants and their respective parents for their support. The event was culminated with National Anthem.

On the auspicious occasion of Gandhi Jayanti, the students of Delhi Public School, Yamunanagar presented a special virtual assembly on FRI., 02 October 2020. The programme started with the chanting of GAYATRI MANTRA. The students paid homage to the Father of the Nation by highlighting his values and sacrifices through speeches. Gandhiji's favourite bhajan 'Raghupati Raghav Raja Ram' was sung by the students with full exuberance. The students also shared Gandhian ideals by narrating some incidents from his life. All the students were vowed to imbibe Gandhiji's values in their lives. The Principal, Mr. B. Murali appreciated the efforts of the students and encouraged them to follow the path of ahimsa and truthfulness.

**Most of us agree as it is aptly summed up by a research that a child educated in early years usually have enhanced social skills ,less behavioral issues and comparatively improved grades without exclusive consideration .The tots learn finest when they have freedom to interact with parents, educators , instructors deal with them compassionately and with understanding..They grow and develop wonderfully in pressure free setting. The cherubs comprehend and grasp things better if they are exotic to new concepts in understandable little sections of knowledge. Keeping all these notions in mind DPS Yamuna Nagar organized ample number of online activities like online celebrations of Raksha Bandhan, Independence Day, Gandhi Jayanti, Hindi Diwas, Mother's Day, Janamashthami and Grandparent's Day. Special assemblies are also organised time to time and maximum participation was ensured with the help of regular interactions with parents.**

Music department of the school put vigorous effort to help the students to cope with the stressful atmosphere of the school by providing regular virtual platform to all the students where they could exhibit their talent in this quest Music Department of DPS Yamuna Nagar organized an online Interschool Singing and Dancing Competition in which many schools participated and displayed their innate talent. This online Competition is still well known for its sensational coverage by social media. Online certificates were awarded to all the participants.

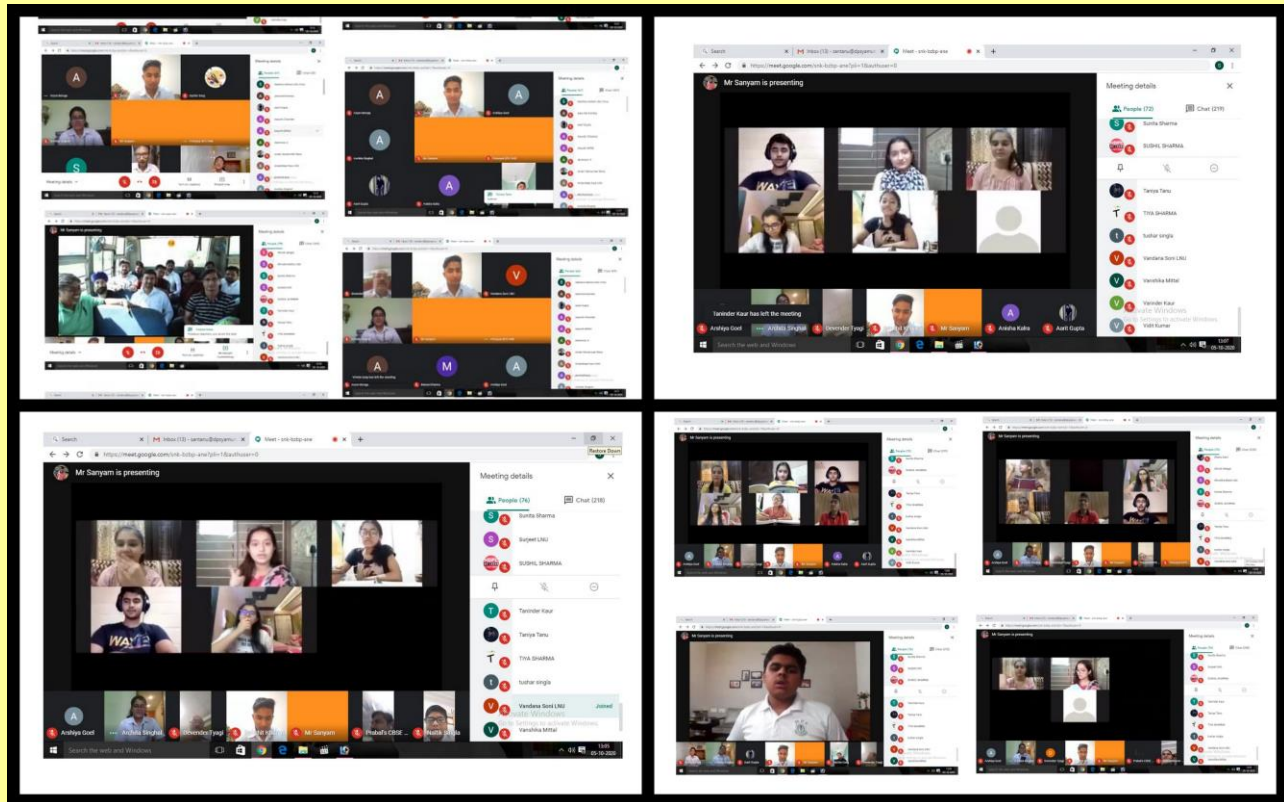

Our Young and curious little scientists also followed the suit and add feathers to school's nest by stealing march upon others. They participated in KAMP, Raman Awards, Manak Inspiration Award, VVM and distinguished themselves by bagging Gold Medals and Trophies. Many intra-school online activities like project on Pandemic, Organic Farming, Concept Mapping and Quizzes were sufficient to convert long faces in to mirth ones.
